Wu Ming (extended name: Wu Ming Foundation) is a pseudonym for a group of Italian authors formed in 2000 from a subset of the Luther Blissett community in Bologna. Four of the group earlier wrote the novel *Q* (first edition 1999). Unlike the open name "Luther Blissett", "Wu Ming" stands for a defined group of writers active in literature and popular culture.

Altai by Wu Ming – review. Another Wu Ming trait is the use of historical fiction as a form of cultural protest. We sometimes forget that the historical novel, ironically, is essentially a form of experimental fiction – counter-factual, anti-realist, and anti the dull mid-range of our everyday experience.

Stephen Abell is delighted by a swashbuckling romp dreamed up by four Italian anarchists. But before we dismiss such needless pranking as the sort of Eurotrash post-modernism that gives contemporary fiction a bad name, there is the small matter of the novel itself. And *Altai*, just like *Q*, is a triumph of swashbuckling storytelling, a historical romp about the attempt to create a Jewish nation within the 16th-century Ottoman Empire.
