In the Bubble: Designing in a Complex World (The MIT Press ...

Review. In the Bubble is often delightful, stimulating, and surprising. Thackara may well emerge as a visionary voice for the wired era. For planners, designers, and anyone with an interest in the future, this book is a rich resource of inspiration, ideas, and guiding principles as well as sharply observed cautionary tales.

In the Bubble | The MIT Press

In the Bubble: Designing in a Complex World. Thackara is a design critic, business provocateur and self-described "symposiarch" who organizes collaborative innovation projects in which designers, together with grassroots innovators and citizens, develop new service concepts and prototypes. His ideas and work, though far-ranging,...

In the Bubble: Designing in a Complex World by John Thackara

The design focus is on services, not things. And new principles -- above all, lightness -- inform the way these services are designed and used. At the heart of In the Bubble is a belief, informed by a wealth of real-world examples, that ethics and responsibility can inform design decisions without impeding social and technical innovation.

In the Bubble: Designing in a Complex World - Free eBooks ...

So asks author John Thackara in his new book, In the Bubble: Designing in a Complex World. These are tough questions for the pushers of technology to answer. Our economic system is centered on technology, so it would be no small matter if "tech" ceased to be an end-in-itself in our daily lives.
