I Need Answer Of Visual

I want a relatively long VN that would be classified as Utsuge or Nakige. Multiple endings is preferred. Doesn't matter if it's an eroge or not. Must be in English or have a patch. Must not be a DVD game (I need to be able to skip and save) I have already read Clannad, Kanon, Ever 17, and Edelweiss. Any suggestions? :3

I need a new visual novel? | Yahoo Answers

Correct Answer: Hi, I need to disable Visual Voicemail application on my BlackBerry Classic 10.3.1 so it stops prompting me each time I get a VM

Correct Answer: Disable Visual Voicemail - Verizon Community

I need to make my program open a file in visual basic. I know I have the file in the right location because it is in the same location as when i have actually had it working but it still says it can't locate the file. If i can get it to open the file i also have to make it so that i can extract info from each line and be able the pull info out from between commas.

Do I need Visual Studio? - social.msdn.microsoft.com

Visual Basic is Easy to learn Programming language. With Visual Basic you can develop Windows based applications and games. Visual Basic is much easier to learn than other language (like Visual C++), and yet it's powerful programming language. Visual Basic suits more for application developing than for Games developing.

What Is Visual Basic and Why do I need it?

I'm the only developer at my company. All new development I do is in .NET 3.5 but I maintain a bunch of .NET 2.0 programs. I can create and edit .NET 2.0 solutions in Visual Studio 2008, so I'm wondering if there is any reason I shouldn't uninstall Visual Studio 2005 from my machine.

Do I need Visual Studio 2005 installed if I have Visual ...

Okay, so recently I have been plagued by 'Just-in-time' debugging. I looked up what it's for and tried to disable it in Microsoft Visual Studio. When I go to the folder there is nothing in it but a TLB file. I don't know why this program is on my computer, and all the malware and virus scans have come up negative. Can I just uninstall this problem program without damage to my PC?
