The Matrix took movie screens by storm in 1999 and redefined modern cinema overnight. Using its own filmmaking language and techniques, its virtual world showed us so many things we'd never seen before (many of them based on anime's tendency to defy the laws of physics) while wrapped around a story filled with heady philosophical ideas and astounding action sequences.

In the past Bono has noted, "Elvis Presley is like the 'Big Bang' of Rock 'n' Roll. It all came from there and what you had in Elvis Presley is a very interesting moment because you had two cultures colliding there. You had a kind of white, European culture and an African culture coming together - the rhythm of black music and the melody chord progressions of white music.
