Cat Breeds, Different Types of Cats. From the earliest history of cats dating over 9,500 years, they have often figured alongside man and been a popular subject of many legends. Breeding by themselves, cats were mainly used for hunting down and killing rodents. With the progress of time and human intervention, hybridization took place in different parts of the world giving rise to many ...

age calculator at Math Cats

The cat (*Felis catus*) is a small carnivorous mammal. It is the only domesticated species in the family Felidae and often referred to as the domestic cat to distinguish it from wild members of the family. The cat is either a house cat, kept as a pet, or a feral cat, freely ranging and avoiding human contact. A house cat is valued by humans for companionship and for its ability to hunt rodents.
