for people who claim to "do their research" they sure don't know much about how twisted Wakefield is/was. Dude made his own vaccine (MMR I think?) and then started the 'vaccines cause autism' movement solely for pushing profits on his own new 'miracle vaccine'. He's no hero, he's just another shady asshole looking to make a quick buck.

A great man once said, your product is shit – and maybe you will always think it is. Yet at the same time, it is our creative struggle with what we do that ultimately makes our creations better and better. And one day, even if you still think your product stinks, you'll watch a customer use it and become delighted.
