Actuarial Careers, Inc.® is the leading actuarial recruiting firm in the world, focusing exclusively on the placement of actuaries. For nearly 20 years, Actuarial Careers, Inc.® has been placing candidates throughout the world in every discipline of the actuarial profession.

Actuarial Careers, Inc. - Actuarial Careers, Actuary Jobs

Applied mathematics is the application of mathematical methods by different fields such as science, engineering, business, computer science, and industry. Thus, applied mathematics is a combination of mathematical science and specialized knowledge. The term "applied mathematics" also describes the professional specialty in which mathematicians work on practical problems by formulating and ...

Applied mathematics - Wikipedia

Placement. Entry-level mathematics courses require students to have an appropriate Math Placement level. The student's ACT Math score or performance on the Math Placement Exam determines this placement level.

Subject CT1 - Financial Mathematics For 2018 Examinations

The Mathematics major develops concepts and techniques in the general field of mathematics. Courses are offered in the areas of actuarial work, high school mathematics teaching, sales support consulting, program management, financial analysis and technical careers in industry or government, and for students who want to pursue further study in graduate school.

Eastern Connecticut State University

Mathematicians have always been fascinated by numbers. One of the most famous problems is Fermat's Last Theorem: if $n \geq 3$, the equation $x^n + y^n = z^n$ has no solutions with x, y, z all nonzero integers. An older problem is to show that one cannot construct a line of length $3\sqrt{2}$ with ruler and compass, starting with a unit length. Often the solution to a problem will require you to think ...
