Community Reviews. *Public Life Studies* offers theories and methods to interpret urbanity in a way that summons interpretations of space, place and the built environment. The use of public spaces requires an array of unobtrusive research methods and this fine book provides research strategies and ways to understand movements and how they become significant patterns.

### **How to Study Public Life by Jan Gehl - Goodreads**

This can range from a very detailed study of a particular public space – a street section or small park, to inform a very detailed urban design – all the way to a very large study covering a whole city center or defined neighbourhood, to get a general picture of how the city is functioning – where public life takes place, what general qualities an area has, and how those factors are related to one another.
