Short stories are irresistible. While the novel is sprawling and unfurls over hundreds of pages and weaves together dozens of storylines and twists and characters, there is little I love more than the brutal, screaming impact of a short story. When I talk about short stories in this post, I will be referring to short...

The stories in this collection represent a variety of styles: the narrative by Jim Heynen, for example, could be considered a "prose sketch," and the piece by T. Coraghessan Boyle is actually a dramatic monologue. Included are works by writers from a number of different cultures and backgrounds. Good literature provides both pleasure and insight.

I remember a short story in a science fiction anthology that was about a dangerous advanced alien creature that had feline characteristics. It was captured by humans and escaped their ship in space, but was eventually outwitted and recaptured. It eventually went crazy when it misjudged the laws of physics in space. I was very young when I first read the story and can't remember the details.
