After Photography examines the myriad ways in which the digital revolution has fundamentally altered the way we receive visual information, from photos of news events taken by ordinary people on cell phones to the widespread use of image surveillance. In a world beset by critical problems and ambiguous boundaries, Fred Ritchin argues that it is time to begin energetically

After Photography by Fred Ritchin - Goodreads

Weaving through philosophical analysis, photojournalism, propaganda, quantum physics, and cyber-culture, Fred Ritchin's recently reprinted 2008 book After Photography charts an effective path through the multifarious aspects of digital photography, illuminating a new world of spectacle as it emerges. Now that visual literacy has become crucial, Ritchin examines the conflation of agendas and ...
