A Beginner's Guide to Reality: Exploring Our Everyday Adventures in Wonderland. It seems to remain pretty consistently predictable through the day, and is still with us at night when we drift off to sleep. Surprisingly, the search for a reality we can hang our hats on is not at all straightforward, and some of our conclusions are quite disturbing.

I have just "finished" a little book called "A Beginners guide to reality". The book is the result of 35 years of me living with schizophrenia. I have included a LOT of the advice I have found on the web over-the-years. Also my own poetry and thoughts about the eternal paradoxes of earthly existence.

Ramtha's teachings are not a new religion nor are they the building blocks of a new church. His teachings are a system of thought that contains within its approach to reality the elements and mechanisms that allow the individual to engage Ramtha's philosophy and verify and experience its content firsthand.

(This article and many more like it are from my personal blog at [jasonroell.com](http://jasonroell.com). Check it out!) Interest in artificial intelligence is reaching new heights. 2016 was a record year for AI startups and funding, and 2017 will certainly surpass it, if it hasn't already. According to IDC, spending on cognitive systems and AI will rise more than 750% by 2020.

lifeform, with the facsimile of its mind, to create its reality. My people prophesied that one day they would fall into servitude. Did not their own prophesy finally become realized because they focused upon it? Of course. The Unknown God is not one mind in everyone; it is pieces of one mind in everyone.
