I like the curriculum materials from the Mathematics Vision Project. The included Mathematics Vision Project Module is part of an integrated math sequence, but many of the lessons apply well to a Algebra I course unit on Linear and Exponential functions. The work for today's lesson can be found on pages 52-58 of the attached pdf file.

Ninth grade Lesson Review Lesson on Exponential Functions

The Mathematics Vision Project (MVP) curriculum has been developed to realize the vision and goals of the New Core Standards of Mathematics. The Comprehensive Mathematics Instruction (CMI) framework is an integral part of the materials. You can read more about the CMI framework in the Utah Mathematics Teacher Journal.
