Hungry by H.A. Swain - Goodreads

Big ideas and world-building are clearly Swain's strengths in her debut novel for teens, *Hungry*. Displaced in a futuristic world of an ever-present high tech gadgets and amusements which seek to numb the citizenry of the Chicago-esque Inner Loop (think *Brave New World*), narrator Thalia Apple is a bit of an old-fashioned girl.

Thalia Apple is a revolutionary in the body and life of a privileged 17 year old girl. In *Hungry*, we enter her life just as she is realizing that all of the happy, easy truths she has been fed since childhood are all a pack of lies hiding the ugliest truths she must learn to face. H.A. Swain has built a world for us in *Hungry* that is not far off from our current reality.

It was just weird.My feelings for *Hungry* were very hot and cold throughout the entire novel, sadly being mostly cold. Every once in a while I would enjoy a scene a great deal and then a few sentences later it would fall flat. Too bad there weren't more than just a handful of scenes that I actually enjoyed.Overall *Hungry* made me feel...
