A Brief History of Infinity by Brian Clegg (ebook)

A Brief History of Infinity is a serious, in depth study of man's evolving concept of infinity. Paolo Zellini's thoughtfully examines and distills the ideas of philosophers, theologians, writers, and mathematicians. Zellini's terse style requires close attention and I found it necessary to reread many sections.

BBC World Service - A Brief History of Infinity

Zellini is a mathematician, but A Brief History of Infinity is as focused on the development of infinity as a philosophical, psychological, and spiritual concept as a mathematical one. Zellini begins admirably by quoting Borges, who is near to my heart, and covers the infinite from classical antiquity to the present.
