To begin to understand the difference I think we must start saying that this nomenclature was a mistake from Oracle. I assume that if you have an ERP called TRITON you want your database to be named TRITON, or if my company it's called JENNY EXPORT I might decide my database to be called JENNYEXP or something like that, no need for any user with the same name.

Mentorship is a relationship in which a more experienced or more knowledgeable person helps to guide a less experienced or less knowledgeable person. The mentor may be older or younger than the person being mentored, but he or she must have a certain area of expertise. It is a learning and development partnership between someone with vast experience and someone who wants to learn.
