If Mayors Ruled the World: Dysfunctional Nations, Rising ...

If Mayors Ruled the World. In the face of the most perilous challenges of our time—climate change, terrorism, poverty, and trafficking of drugs, guns, and people—the nations of the world seem paralyzed. The problems are too big, too interdependent, too divisive for the nation-state. Is the nation-state, once democracy's best hope,...

If Mayors Ruled the World | Yale University Press

It often seems like federal-level politicians care more about creating gridlock than solving the world's problems. So who's actually getting bold things done? City mayors. So, political theorist Benjamin Barber suggests: Let's give them more control over global policy. Barber shows how these "urban homeboys" are solving pressing problems on their own turf -- and maybe in the world.

Benjamin Barber: Why mayors should rule the world | TED Talk

"If mayors ruled the world," he says, "the more than 3.5 billion people (over half the world's population) who are urban dwellers and the many more in the exurban neighborhoods beyond ...

"If Mayors Ruled the World" (Ep. 162) - Freakonomics

This weekend, the first planning session of the Global Parliament of Mayors took place in Amsterdam: a platform for mayors from across the world, triggered by Benjamin Barber's book: If Mayors Ruled the World: Dysfunctional Nations, Rising Cities. In this book the current political system and its ...

If Mayors Ruled the World... | This Big City

Featuring profiles of a dozen mayors around the world—courageous, eccentric, or both at once—If Mayors Ruled the World presents a compelling new vision of governance for the coming century. Barber makes a persuasive case that the city is democracy's best hope in a globalizing world, and great mayors are already proving that this is so.

If Mayors Ruled the World: Dysfunctional Nations, Rising ...

If Mayors Ruled the World. By expanding on that capability, Barber suggests, “Cities can make themselves global guarantors of social justice and equality against the depredations of fractious states. And they can become, as the polis once was, new incubators of democracy, this time in a global form.”.

Benjamin Barber: If Mayors Ruled the World - The Long Now

If Mayors Ruled the World: Dysfunctional Nations, Rising Cities by Benjamin R. Barber. In the face of the most perilous challenges of our time—climate change, terrorism, poverty, and trafficking of drugs, guns, and people—the nations of the world seem paralyzed. The problems are too big, too interdependent, too divisive for the nation-state.

If climate mayors ruled the world by Sarah DeWeerd | Jun 6, 2017 After President Donald Trump announced last Thursday that the United States would withdraw from the Paris climate agreement, the Mayors National Climate Action Agenda denounced the decision and reaffirmed its member cities’ commitment to reducing greenhouse gas emissions and ...

If climate mayors ruled the world | Anthropocene

Barber’s new book, If Mayors Ruled the World, is both an argument for local authority and an angry screed against national governments all over the world. “Cities should rule the world for a ...

Would We All Be Better Off If Mayors Ruled the World?

Here’s an idea for you: Let mayors rule the world. Not presidents, not prime ministers — mayors. “Cities are places where problems have to be solved, so mayors tend to be problem solvers ...

What if mayors ruled the world? | The Star

The reality is that mayors don’t rule the world. But they do run the world—or much of it, anyway. If they continue to advance new forms of collaboration and to harness the innovative capacity in their people, they may yet reshape the landscape of global governance.

If Mayors Ruled the World: Dysfunctional Nations, Rising ...

Season 5, Episode 30 This week, Freakonomics Radio expands on an idea from political theorist Benjamin Barber, who wrote If Mayors Ruled the World: Dysfunctional Nations, Rising Cities. Barber argues that cities are paragons of good governance — compared, at least, to nation-states — and that is largely due to their mayors. Mayors, Barber argues, are can-do people [...]

“If Mayors Ruled the World” - Freakonomics

The elected Mayors of over 60 cities across the world came together to formally convene a global city rights movement. The result was the Global Parliament of Mayors (GPM) a unique and timely body that leverages the lived experience, expertise and leadership of local Mayors to address critical challenges facing humankind today.
