172 Hours On The Moon

172 Hours on the Moon. Three teenagers are going on the trip of a lifetime. Only one is coming back. It's been more than forty years since NASA sent the first men to the moon, and to grab some much-needed funding and attention, they decide to launch an historic international lottery in which three lucky teenagers can win a week-long trip to moon base DARLAH 2.

172 Hours on the Moon by Johan Harstad - Goodreads

'172 Hours on the Moon' is a much sinister read. Less on the science fiction, and more on the scare factor. There is a lot of switching of perspective in this book, which was interesting in learning about the cast and their backgrounds and culture.

Amazon.com: 172 Hours on the Moon (9780316182881): Johan ...

Review: It's actually quite brilliant, and I applaud Mr. Harstad and 172 Hours on the Moon for making this seemingly impossible mission feel believable, right down to the details of keeping the Saturn V and LEM aesthetic for marketing and nostalgia purposes. Brilliant.

Book Review: 172 Hours on the Moon by Johan Harstad

DARLAH (English title: 172 Hours on the Moon) is a 2008 sci-fi/horror novel by Norwegian author Johan Harstad. The book was originally published in Norway on September 15, 2008 by Cappelen Damm , with an English language translation being published by Little, Brown in New York City on July 10, 2012.

Darlah - Wikipedia

Most Helpful Customer Reviews. A very good science fiction novel. NASA decides to return to the moon and in order to whip up public interest, they hold a worldwide lottery among teenagers with the intent to pick 3 to accompany the astronauts on the journey. The crew will then spend 172 hours on the moon's surface.

172 Hours on the Moon|Paperback - Barnes & Noble

Reasons to Read: 1.Well-translated novel: 172 Hours on the Moon was first published in 2008 in Norway; when I found this out, I was a little bit worried that the writing would be awkward or the translating sloppy.

172 Hours on the Moon : Johan Harstad : 9780316182881

Johan Harstad's novel, 172 Hours on the Moon, is a fictional horror story that will entertain (and creep out) most readers.The story takes place in 2018, when a forgotten organization called "NASA" attempts to revive itself by holding a lottery to pick three random teenagers from anywhere in the world to accompany real astronauts on a fun trip to the moon.

172 Hours on the Moon Audiobook by Johan Harstad

A 16 year old boy from France, Antoine only wanted to go to the moon to escape his complicated

relationship issues. His ex-girlfriend, Simone, started dating another guy, and Antoine couldn't handle it. He just wanted to get as far away from Paris as possible. After obsessing over Simone for weeks, he decided that he was going to go to the moon.

Characters - Book Review: 172 Hours on the Moon by Johan ...

The group intends to shelter for a week in a previously secret lab that NASA had established on the Moon in the 1970s. As soon as the group arrives, however, things start to go horribly wrong. Harstad keeps the focus mostly on Mia, seemingly the only participant strong enough to keep fighting against the evil forces they encounter on the Moon.

172 HOURS ON THE MOON by Johan Harstad , Tara F. Chace ...

First Look at New YA Sci-Fi Horror Novel '172 Hours on The Moon' (Exclusive) 172 Hours is a thrilling read that deftly mixes horror and sci-fi in the tradition of the best space-based horror movies of the '70s and '80s. The story builds tension effectively to a twisty, surprising conclusion.

172 hours on the moon | eBay

172 Hours on the Moon. By: ... Relieved it was not 172 hours long!!! 172 Hours did not live up to my expectations. It never seemed to fully develop and I felt like part of the story was missing. It jumped around and ended, just like that! It left me unsatisfied. I keep wondering if something was lost in the translation or if it was a culture ...

172 Hours on the Moon (Audiobook) by Johan Harstad ...

172 Hours on the Moon is a YA novel with a premise that surely appeals to teens and tweens: NASA sends three teenagers to the moon. Okay, that's a pretty far-fetched premise, but presumably readers are readily willing to suspend disbelief -- if the author presents the whole idea plausibly enough.

172 Hours on the Moon - Johan Harstad - Complete Review

172 Hours is set in the year, 2019. In 2010, eight men including the chairman of the Joint Chiefs of Staff met to plan a return mission to the moon. They want to return to a secret base, DARLAH 2 built in the Sea of Tranquility from 1974 to 1976.

LibrisNotes: 172 Hours On The Moon by Johan Harstad

172 hours on the Moon is a book of two parts, let us talk about first, the not too creepy start of the book. The basis of the book is that NASA are going back to the Moon, they have a hidden agenda but that agenda is disguised in the form of a lottery that chooses three people to go with the astronauts to the lunar surface.
