How to Answer Constructed Response or Short Answer

Constructed Response Questions In most states, constructed response questions (CRQ) are part of educational testing for teachers. These kinds of questions require the test-taker to produce or construct the answer and are considered an additional measure to better assess test takers subject knowledge.

Constructed Response Questions: How should you answer them?

The first thing to make sure of before you submit a constructed response is that the answer you typed is the answer you actually got. Leaving out a decimal, a digit, π , or something else essential to a correct answer will result in a wrong answer. Figuring out a correct answer is not the final step.
