Sometimes people have no choice but to live alone because they can't find a roommate during the right time-period required. Sometimes people live alone due to other life situations that cannot be controlled. Whichever category you find yourself in, living alone presents certain dangers that living with a roommate, partner, or spouse does not.

Tips on Staying Safe: (1) If on foot, look as if you know where you are going. Muggers like to take advantage of those who look unfamiliar, vulnerable or weak. (2) If you have a purse, make sure the pockets face in to your body, and if the bag is on your shoulder, make sure to hold on to the strap firmly with one hand.

### **Personal Safety in the U.S. - Staying Safe in America**

When people speak of moving to a country like Mexico, one of the inevitable first questions will be whether it is safe to live there. With media stories going on about drug wars, shootings, and kidnapping, can it be safe to live in Mexico?
