Coconut milk is often a staple fat source for those following a Paleo diet. From a nutritional perspective, it's an excellent choice. It's high in saturated fatty acids and medium-chain triglycerides (MCT), which are both easily burned as fuel by the body. MCTs are particularly beneficial in that they don't require bile acids for digestion, and they're directly shunted to the liver via ...

The Icelandic financial crisis was a major economic and political event in Iceland that involved the default of all three of the country's major privately owned commercial banks in late 2008, following their difficulties in refinancing their short-term debt and a run on deposits in the Netherlands and the United Kingdom. Relative to the size of its economy, Iceland's systemic banking collapse ...
