A Mathematician Reads The Newspaper

Just like it says, a mathematician reads the newspaper. He shows how reporters use math incorrectly. You could argue reporters use math somewhere between deceptively and very inappropriately. This should be mandatory reading along with "How to Lie With Statistics".

A Mathematician Reads the Newspaper: John Allen Paulos ...

It is an interesting take on a mathematician reading a newspaper. Every story, or almost every story, in a newspaper has mathematical angle to it and the author brings that point to life on topics as varied as economy to those numerous - Top 10 lists.

A Mathematician Reads the Newspaper by John Allen Paulos

A Mathematician Reads the Newspaper. Many of the essays discuss how reports of numbers are misleading or inaccurate. Misperceptions sometimes are created benignly, but writers with agendas sometimes choose to present numbers to their advantage. Writers wishing to boost the seriousness of some condition, for example, might provide absolute numbers,...
