### How To Change Hdmi Resolution

I'm using an HDMI switch to connect my computer (input) to a computer monitor (output #1) and a TV (output #2). When I switch the output from the monitor to the TV, the sides of the image on the TV are cut off. The only way to get the image to display correctly is to change the screen resolution (from 1920x1080 to 1776x1000).
