A jughandle is a type of ramp or slip road that changes the way traffic turns left at an at-grade intersection (in a country where traffic drives on the right). Instead of a standard left turn being made from the left lane, left-turning traffic uses a ramp on the right side of the road. In a standard forward jughandle or near-side jughandle, the ramp leaves before the intersection, and left ...

I have a confession to make: I hate bar soap. It gets dirty, is annoying to handle, and takes too long to use up. Despite this, people like to give me bar soap as a gift, which I feel guilty not using. So I've been buying liquid hand soap at \$3 a bottle and putting the bar soap in a box with the ...
