This second edition of Agenda for a New Economy is the handbook for that revolution. The root of the problem remains what it was in 2008: Wall Street institutions that have perfected the art of creating "phantom wealth"-mere numbers on paper--without producing anything of real value, and without any thought of the social consequences.

### **From Berrett Koehler Publishers: Agenda for a New Economy**

Agenda for a New Economy is a big-picture story, or theory, of where we went wrong in the design of our economic institutions and what we can do about it. We do, in fact, have the means to create an economic system that takes life as its defining value and fulfills six criteria of true economic health.
