Character Study Activities - Pinterest

When I was an OT student one of my teachers made it her mission to provide us with an understanding of the role of an OT. She wanted us to understand why we're different from other therapists within our department. One of the biggest differences was this assignment called an "Activity Analysis" (which took us weeks to complete).

Activity Analysis | Occupational Therapy

Value chain analysis is a strategy tool used to analyze internal firm activities. Its goal is to

recognize, which activities are the most valuable (i.e. are the source of cost or differentiation advantage) to the firm and which ones could be improved to provide competitive advantage. In other words, by looking into internal activities, the analysis reveals where a firm's competitive ...
