Algebra Connections is the first course in a five-year sequence of college preparatory mathematics courses that delivers traditionally rigorous algebraic content using a problem-based approach. It has strong threads woven throughout the course on multiple representations and the meaning of a solution.

AC — CPM Educational Program

who have trouble with math. I was told when I was choosing my 11th grade classes that if you took algebra connections that it was not a math credit so you would still need to take Algebra 2 in 12th grade. But my 3 friends said that algebra connections could replace algebra 2. Which of us is wrong? (Algebra connections is like a really watered down algebra and apparently you do not get a book ...
