The Chinese garden is a landscape garden style which has evolved over three thousand years. It includes both the vast gardens of the Chinese emperors and members of the imperial family, built for pleasure and to impress, and the more intimate gardens created by scholars, poets, former government officials, soldiers and merchants, made for reflection and escape from the outside world.

Chinese garden - Wikipedia

The coastal corridor that stretches along the south-eastern shore of South Africa is known as the Garden Route; aptly named according to its lush green surroundings that pulse with bountiful beauty. The strip stretching from Mossel Bay to Storm's River is a popular area, which every train tour of South Africa should explore. This once [...]

The Italian Renaissance garden was a new style of garden which emerged in the late 15th century at villas in Rome and Florence, inspired by classical ideals of order and beauty, and intended for the pleasure of the view of the garden and the landscape beyond, for contemplation, and for the

enjoyment of the sights, sounds and smells of the garden itself.

Italian Renaissance garden - Wikipedia

Despite their shade-loving reputation, most ferns don't like being planted in a black hole. Generally, they prefer partial shade and moist, humus-rich soil — with plenty of compost dug in. Photo by: Betsy Arvelo. The fern is a modest sort. It creeps below the forest floor, surfacing now and then ...
