How to Answer Desired Salary Questions During an Interview. Posted March 9th, 2018. Salary is a touchy subject during an interview. Of course, you don't want to appear as if you're just in it for the money—but money is important because it's how you pay your bills. Salary is especially important if you've been in the workforce for a ...

How to Answer Desired Salary Questions | Blue Bell Staffing

He may offer to pay you exactly what you are used to receiving, even if the prepared to pay more. Instead of listing an exact salary history, give a salary range. As an example, you might mention that your salary history has remained in the mid \$50,000 range, or in the \$35,000 to \$40,000 range.

How to Respond to an E-mail for Desired Salary | Chron.com

But many forms also include an innocent-looking "current salary" or "desired salary" field. Although it's easy to answer the question—just type in how much you're being paid right now—savvy job seekers know that this is an incredibly important question. In fact, your answer is crucial, for two reasons:

Boxed In: How to Bypass the "Desired Salary" Field on ...

How to Answer the Salary Question Why it's Important... and Tricky. You may be wondering what the big deal about the money question is; yet it's one question that often stumps job candidates. Not only that, but it can change the climate of an interview from red hot to ice cold as a result of a few digits of difference in thinking.

HOW TO ANSWER: What Are Your Salary Expectations?

You should not answer this question. I'll give you a scenario that is likely to happen. Interviewer asks about your desired salary and you probably say: "I prefer not to answer that question at this point" or something similar. Then they would ask you the same question a few times in a few different ways until you give in and quote a number!

In an interview, how do you answer 'What is your desired ...

For a recent grad trying to land the first full-time job, what is the proper etiquette to answering the question "what is your desired salary range?" Typically, I just look on Glassdoor for the average salary of the position I applied for and say a range around that number. However, startups don't usually have that sort of data available.

What is the proper answer for "what is your desired salary ...

When I ask the specific question around the desired salary, if I get a cagey or smart ass answer, it is an immediate flag that the candidate isn't comfortable with the interview, isn't confident in their skills, or thinks they are going to pull a fast on me.

The "Desired Salary" interview question, a recruiters ...

If the real answer is that they would compensate someone like you up to \$75,000 dollars, and you guess they would pay a salary of only \$65,000, you very literally may have just cost yourself \$10,000. The one thing that might save you is when you guess so badly that you under-shoot the minimum salary they can pay you to do the job.

Salary expectations questions—How should you answer them ...

The first question, is as a recruiter, how do you view the answers to the question "What is your desired salary?" On the other side, for those of you looking for work, how do you answer the same questions. I would be very interested in seeing some additional responses to both questions, to make the data a little more statistical.
