Lenin undertook his detailed study of Imperialism: The Highest Stage of Capitalism in 1916, basing it on the research of an English economist named Hobson. His analysis continues to explain what is happening in the world today as we enter the 21st Century. Lenin saw capitalism evolving into a higher stage.

Lenin. Imperialism: The Highest Stage of Capitalism

I have never read a book full of so many enigmas. It is interesting, for example, that Lenin should come from an elite family and aspire to expose capitalism and the bourgeoisie. At the same time, doing so propelled him into further international attention and advanced Lenin's power as leader of the USSR. So perhaps this book is not as selfless as it appears to most Leninists.
