ANSWER KEY - madison-lake.k12.oh.us

When you have completed the physical property analysis, answer the questions below. You may need to review your notes and the Physical Properties PowerPoint to recall how to generate the physical properties of a part. Figure 1: Isometric drawing of Aluminum Object One with 0.25" grid Activity 5.6 Physical Property Analysis Page 2 of 10

Activity 5.6 Physical Property Analysis

Conclusion 1. What is the purpose of construction lines? Object lines? A: construction lines are to help guide the creation of object lines they serve as a kind of rough draft that we use to look and find mistakes to fix before making an object line. Object line are the darker lines that indicate a finished part of the sketch and help get a better image of what the sketch is.

Activities - Stefan's PLTW portfolio

Conclusion. 1. Why are drawings composed of different line conventions? Drawings are composed of different line conventions because not all the lines are going to be the same. Each line might even need a small adjustment, so you don't want to make all of your lines of the same convention.

Conclusion Questions - Moews IED 1st - E-Portfolio

Activity 5.1 Calculating Properties of Shapes. Intro: Finding the surface area of shapes to know how much stuff you need to put on the shape without putting too much or little. Area= 64 inches 2. The side lengths are 9.5 inches. Grid spacing is 0.25 inches. Length= 2.25 inches
