I looked in device manager, and it's registering as a generic monitor. I was curious if a driver for Windows 7 or 8 would work with Windows 10? Or does someone know where I can get a Windows 10 driver for my monitor? I've tried the HP site and doing a google search for Windows 10 and HP s2031 monitor to no avail. Thanks for your help.

HP S2031 & Windows 10 - Spiceworks

9. Follow the suggested resolution of the monitor to decide the resolution setting in the computer to enable optimum display. 10. Avoid displaying the same image on the screen of the monitor for a long time. Otherwise, it may cause aging liquid crystal molecules inside the monitor and poor display. 11.
