Janet Gurtler's writing reads really quickly, and her books are always a great balance of entertaining and thought-provoking. How I Lost You was no exception - I loved it! Very few YA books focus on a platonic relationship rather than a romantic one, so I really appreciated that Janet Gurtler took on the topic of friendship in this novel.

How I Lost You is one of those reads that gets you emotional. Janet Gurtler's writing pulled so many emotions out of me ranging from sadness to extreme joy to fury. I also like that the main focus wasn't school and such of that relation. Throughout the whole book "Buds before studs" was a theme, I loved it. I really did. That's something girls need to be reminded of, I really liked that. This was a good book, definitely a book to pick up and read if you're feeling book-deficiency. review 2: Could have been better. ### **Review of How I Lost You by Janet Gurtler - Chapter by Chapter**

What impressed me the most about HOW I LOST YOU was the way Janet Gurtler dealt with losing a best friend. She mentioned once that when you lose a best friend, you experience the same emotions that come from breaking up with a significant other. They've been there for you through thick and thin, and letting go is hard. We've all experienced it.
