Final Exam Review: Solve these problems on the handout. (Do not do this review on separate sheets of paper!!) Hard copies of this review were handed out on 5/27 & 5/28. This review will be worth 15% of your grade on the Final Exam, and must be handed in on the day of the test during the testing block. I will not accept any late submissions of this review under any circumstances.

Vector Worksheet Much of the physical world can be described in terms of numbers. Examples of this are the mass of an object, its temperature and its volume. These are called scalar quantities.

But some quantities also need a direction to fully describe it. What if you wanted directions to the nearest physics lab?
