Introductory Circuit Analysis, Global Edition: BOYLESTAD ROBERT L.: 9781292098951: Amazon.com: Books

As I wrote the preface for this tenth edition of Introductory Circuit Analysis, it was impossible not to reflect over the past 34 years of its history. There were times when it was particularly difficult to be sure which subjects were outdated, whether a new topic should be added, whether a presentation was at the correct level or too mathematically complex, whether the computer coverage ...
