A glove (Middle English from Old English glof) is a garment covering the whole hand. Gloves usually have separate sheaths or openings for each finger and the thumb.. If there is an opening but no (or a short) covering sheath for each finger they are called fingerless gloves. Fingerless gloves having one large opening rather than individual openings for each finger are sometimes called gauntlets ...

Hitting punching bags is an essential part of training when you are getting ready to box or engage in a mixed martial arts bout. It's not usual practice to throw on gloves without wraps and train on a heavy bag. Every time you get in the ring to box or go to the gym to train, you have to wrap your ...

I agree with what you say, that a shotokan can adapt easily to any other style, more than any other style can adapt to shotokan. I once made a trade with a shito ryu friend, he taught me seienchin and I taught him sochin, I didn't have half the issues with the positions he had with sochin dachi, being the ankles what hurt him most, even thou he said he liked that kata.
