GOVT 2060 International Relations: Theories and Approaches

A theory of international relations is a set of ideas that explains how the international system works. Unlike an ideology, a theory of international relations is (at least in principle) backed up with concrete evidence. The two major theories of international relations are realism and liberalism.

Theories of International Relations - sparknotes.com

Introducing the English School in International Relations Theory Yannis Stivachtis , Feb 23 2018 , Articles The English school offers insights into the potential of stabilising international society by embedding ideas not just in the minds of political and economic elites but also in the minds of ordinary citizens.

Pluralism — E-International Relations

Political Realism in International Relations. The negative side of the realists' emphasis on power and self-interest is often their skepticism regarding the relevance of ethical norms to relations among states. National politics is the realm of authority and law, whereas international politics, they sometimes claim, is a sphere without justice,...

Political Realism in International Relations (Stanford ...

The English School of international relations theory (sometimes also referred to as liberal realism, the International Society school or the British institutionalists) maintains that there is a 'society of states' at the international level, despite the condition of anarchy (that is, the lack of a global ruler or world state).
