Hooked Catherine Greenman

Hooked is such a believable and real book. Nothing is sugar coated, nothing is too far of a stretch. It is all real life, and that is what I enjoyed most about it. I am not a huge fan of teenage pregnancy so I wasn't sure how much I was going to love Hooked, but Catherine Greenman does not try to glamorize pregnancy.

Hooked by Catherine Greenman (9780385740098)

Hooked has quirky, realistic, and snappy dialogue. I think Catherine Greenman is a strong writer. She deftly handles the controversial topic of teenage pregnancy without getting all after school special or overly sentimental. In all, Hooked is a non-annoying version of Juno and a fantastic read. Disclosure: Received for review from PR company.
