Engineering education is the activity of teaching knowledge and principles to the professional practice of engineering. It includes an initial education (bachelor's and/or master's degree), and any advanced education and specializations that follow. Engineering education is typically accompanied by additional postgraduate examinations and supervised training as the requirements for a ...

The first U-2 overflights of the Soviet Union--launched from Wiesbaden Air Base in what was then West Germany--took place on 4 July 1956. The rapid development and deployment of this light, high-altitude photo-reconnaissance aircraft had been spurred by American alarm over the USSR's accelerating efforts to catch up with and surpass the West in the post-World War II arms race.
