99 Days is the sophomore novel for Katie Cotugno. Living up to How to Love is almost impossible but I was willing to give 99 Days a go. 99 Days' plot was easy to get into and get hooked on. It counts up the days by each chapter. I was so excited to read it because, I mean, read the synopsis!

Katie Cotugno is a halfway genius. This book was perfect to get me back into the thick of reading contemporary books again. 99 days goes exactly as the synopsis says. The main girl, Molly, could use some sense in her head though. I know what she was thinking, but I did not agree with it.

**Book Review : 99 Days by Katie Cotugno - Between My Lines**

Review. 99 Days by Katie Cotugno is probably the most dramatic book I've read this year. While I did enjoy reading this book, the main character seems to not sit well with me. It is a gorgeously designed novel that has a very unique concept, however, the main character seems a bit artificial with her melodramatic tendencies.
