In the case of influential philosopher Jacques Derrida, progenitor of the both beloved and reviled critical theory known as "Deconstruction," the stories of academic struggle and great mental suffering are well-documented. Furthermore, their details accord perfectly well with the mature thinker who, remarks the site Critical Theory, "can't answer a simple god-damned question."

This is a very well written article. I was on google docs ready to write an essay, and then i decided to explore the different templates from google, i opened the resume template and i saw lorem ipsum stuff all over being used as filler text and me being a curious person i started searching the web to find what it means and nothing was working not even google translate, i opened several ...
