### **Adaptation To Life George E**

The hedonic treadmill, also known as hedonic adaptation, is the observed tendency of humans to quickly return to a relatively stable level of happiness despite major positive or negative events or life changes. According to this theory, as a person makes more money, expectations and desires rise in tandem, which results in no permanent gain in happiness.

### **Hedonic treadmill - Wikipedia**

Adaptation is the evolutionary process where an organism becomes better suited to its habitat. This process takes place over many generations. It is one of the basic phenomena of biology. When people speak about adaptation, they often mean a 'feature' (a trait) which helps an animal or plant survive. An example is the adaptation of horses' teeth to grinding grass.

A film adaptation is the transfer of a work or story, in whole or in part, to a feature film. Although often considered a type of derivative work, recent academic developments by scholars such as Robert Stam conceptualize film adaptation as a dialogic process.. A common form of film adaptation is the use of a novel as the basis of a feature film. Other works adapted into films include non ...
