Solutions Manual Abstract Algebra Herstein - Scribd

"This is a text for a first-year graduate course in abstract algebra. It covers all the standard topics and has more than enough material for a year course." (Allen Stenger, MAA Reviews, September, 2014) Thomas W. Hungerford. Algebra

Algebra | Thomas W. Hungerford | Springer

Algebra fulfills a definite need to provide a self-contained, one volume, graduate level algebra text that is readable by the average graduate student and flexible enough to accommodate a wide variety of instructors and course contents. The guiding philosophical principle throughout the text is that the material should be presented in the maximum usable generality consistent with good pedagogy.

Algebra | SpringerLink

In doing homework questions, students are encouraged to commute their ideas with peers, but they should write down the solutions independently. Some homework questions will be checked for correctness; the others will be checked for completeness. Sample answers of the homework questions will be posted on this website.

Algebra I (MATH-7310) - webhome.auburn.edu

The student solutions manual provides worked-out solutions to the odd-numbered problems in the text. This manual also contains useful study tools, such as practice tests and key formulas and concepts summarized at the end of each chapter.
