Alphas Unleashed is a four-story sci-fi/PNR anthology. I have rated only the first two stories. The last two are well into their respective series, which I have not yet read. Am erring on the high side for the overall rating since it is a free read from Amazon at the time of this review.

I love djinn's and magic, and this story also has doppelgangers which I'm very partial too, lol! It's a short, complex story with really cool mythology and characters. I definitely want to read more djinn stories soon. A Warrior's Heart is a sci-fi romance which I don't read a lot of, but I did enjoy the alien world in this one.
