Solution 1: Check the video input settings on the external screen. If you've connected your Surface to a second screen and you don't see video output from your Surface, the problem may be with the source selection or video input settings on the second screen.

Trouble connecting Surface to a second screen?

The oldest water clock of which there is physical evidence dates to c. 1417-1379 BC, during the reign of Amenhotep III where it was used in the Temple of Amen-Re at Karnak. The oldest documentation of the water clock is the tomb inscription of the 16th century BC Egyptian court official Amenemhet, which identifies him as its inventor.

Hello, So I recently put a new computer together that has been doing well the last month or so, until now. When I booted it up this morning everything seemed to be going fine, it went past the initial screen, then past the motherboard screen but after that I get stuck on something talking about my EFI shell version 2.3 or something along those lines.
