In the beginning was the command line
- Neal Stephenson, "In The Beginning. . . was the Command Line" What a fun read. It's about technology, sure, but more about culture. Neal takes a good look at operating systems, why we get emotionally involved with them, and why Windows is still so popular. He does this with a grand detour to Disneyland, and a hefty dose of humor.

In the Beginning...Was the Command Line by Neal Stephenson
in the beginning was the command line This was originally just a set of musings about Graphical User Interfaces (GUIs) that gradually took on the shape of an essay. On the spur of the moment, the decision was made to post it on my publisher's website.
