A Linguistic Theory Of Translation
1 General Linguistic Theory 1.0 Translation is an operation performed on languages: a process of substituting a text in one language for a text in another. Clearly, then, any theory of translation must draw upon a theory of language—a general linguistic theory. General Linguistics is, primarily, a theory about how languages work.

Community Reviews. aside from ambiguity and downright horrible style, the linguistic approach to translation is intrinsically lacking because it doesn't, and can't, account for socio-cultural variables. Limiting translation to general rules and formulas is only an attempt to make these "theories" seem more scientific,...

A Linguistic Theory of Translation by J.C. Catford
translation theory cannot draw on a linguistic theory alone... What it needs is a theory of culture to explain the specificity of communicative situations and the relationship between verbalized and non-verbalized situational elements".
